○ Birds of Prey Community Day ○

Something Wild is in the Air!!!

The Chester County Bird Club proudly presents our fourth annual "Birds of Prey" community day.

The inside portion of the program will be presented by the **Red Creek Wildlife Center**. Live Birds of Prey demonstrations with various species of Hawks, Falcons, Owls and more!

Red Creek Wildlife Center has grown from a few robins and cottontails on the kitchen counter, to a full time state and federally licensed wildlife rehabilitation and education center, taking in 400-600 animals per year, including a variety of exotic, domestic animals that have special needs.

Falconer Bob Leonard will demonstrate his amazing falcons in flight! This portion of the program will take place outside so we can witness his birds speed and agility in the air. Bob's birds put on a fantastic show!

Food and refreshments will be available for purchase, admittance to the program is **FREE**.

Donations are always greatly appreciated
